

MOBILE FIRST

Mobile platform to Sell and Buy from the local community. Xirify aggregates local products or service providers into one place, making them easily accessible and searchable by shoppers.

OS: Android, iOS, Flutter

Domain: Retail

For Business Owners

Xirify helps your business to grow without any technical overhead, heavy investment or time constraints; you capture new audiences that you wouldn't be able to reach otherwise. Xirify enables you to set up your business online, you can drive conversions & sales and experience a new level of growth.

The dashboard helps you track your receivables and revenue. Analytics also helps you fine-tune your marketing strategies so that you're reaching the right audience.

For Shoppers

Convenience and safety are the reasons why we created Xirify for you. Shop online or book a service anytime, anywhere with the businesses you deal with regularly. You can visit numerous local stores, without leaving your home. You can make payments via electronic transactions and the purchased products can be picked up or are delivered directly to your door.
